

Qualification:	Level 2 Apprenticeship in Engineering Maintenance and Installation
Duration:	2 years
Date/s:	On Demand
Location:	Pembrokeshire College/In the Workplace with your employer
Cost:	No Cost

APPRENTICESHIP DESCRIPTION:

An Apprenticeship is a job with an accompanying skills development programme, designed by employers in the sector. It allows the apprentice to gain technical knowledge and real practical experience, along with personal skills, required for their immediate job and future career. These are acquired through a mix of learning in the workplace, formal off the job learning and the opportunity to practice and embed new skills in a real work context. This broader mix differentiates the Apprenticeship experience from training delivered to meet narrowly focused job needs.

All apprentices commencing their Apprenticeship must have an Apprenticeship Agreement between the employer and the apprentice. This can be used to reinforce the understanding of the requirements of the Apprenticeship. On completion of the Apprenticeship the apprentice must be able to undertake the full range of duties, in the range of circumstances appropriate to the job, confidently and competently to the standard set by the industry.

WHAT DOES THE PROGRAMME COVER?

The skills and knowledge in one or more of a wide variety of engineering maintenance activities including:

-  mechanical
-  electrical
-  electronic
-  fluid power systems
-  engineered systems
-  services maintenance
-  lift servicing
-  lift repair
-  lift repair and service
-  communication electronics
-  servicing medical equipment
-  instrumentation and control

**FRAMEWORK STRUCTURE:**

- Competence based QCF Level 2 Diploma in Engineering Maintenance & Installation (completed in the workplace)
- Technical qualification – Level 2 Certificate in Electrical Installation (by attending the college 1 day per week)
- Application of Number, Key Skill Level 1
- Communication, Key Skill Level 1
- IT, Key Skill Level 1

ENTRY REQUIREMENTS:

You must be aged between 16 and 24 OR in a new role within the last 12 months

It is essential that you are in employment within an engineering company.
